Superintendent, school board clash

BEATING THE HEAT at the 40th annual Felter's Subdivision picnic were Joe Devlin and Jim Disbrow, who had a raft of fun ... as

did the rest of the huge crowd celebrating the subdivision's 40th anniversary. (More pictures inside.)

State office has problem in its lap

A problem in Antioch's grade school district will be discussed in Springfield next Monday and Tuesday, when the Illinois Office of Education hears a report on a closed-doors meeting held here a week ago.

Last week's meeting was called after Henry Meyer, superintendent of Grade School District 34, "made allegations regarding the relationships between himself and the district's seven-member school board."

The quote is from William Thompson, Lake County school superintendent. Thompson, an Antioch man whose office is in Waukegan, received the letter of allegations from Meyer.

THOMPSON'S ASSISTANT, James Flood, came to Antioch on Tuesday night of last week and discussed the situation with Meyer, school board members and the school district's lawyers, Ted C. Larson and Michael W. Gantar. Those involved were instructed not to comment on what was said during the closed meeting.

However, it was learned that some of the school board members also had complaints to make about Meyer after they heard the charges he presented to Thompson.

Thompson said after the meeting that the rules of "school governance" say the board shall delegate all executive functions to the district superintendent.

"Apparently, Henry feels the board members have been into administrative functions," Thompson said.

"WE'LL BE GETTING a report from the state sometime in the future ... but we don't even know when," Thompson added. "Antioch has a problem between the board and the superintendent that has to be resolved."

"The most important thing a school board does is to employ an executive officer," Thompson added. "Now that this has come up, there's a question about recognition of District 34 and that affects state funding."

Also present at last week's closed meeting were Jim Carrow and another representative of the Illinois Office of Education. Carrow and Flood had recommended earlier this year that District 34 be given full recognition status because it planned to remedy classroom problems.

Recently, voters passed a referendum to build a new lower grade school near the Upper Grade School.

IN EARLIER NEWSPAPER accounts, it was reported that in the case of Antioch Grade School, Thompson said the board has been charged with trying to do the work intended for the superintendent.

'All-American Festival' Sunday

Willy Necker will bring his famous "Leaping Dalmations" dog show to the Antioch Chamber of Commerce & Industry All-American Festival and 5th annual Arts, Crafts and Antiques Fair on Sunday.

Necker, who was in charge of canine training for the U.S. Army, has had a training and obedience school in Wheeling for 40 years. His dogs have performed around the world and have appeared on the Ed Sullivan show and Bozo's Circus.

NECKER CREATED MOST of the tricks his dogs perform. At a word or gesture, they jump through hoops or over hurdles, climb walls, or just clown around.

The dog show at 2 p.m. will highlight entertainment Sunday.

The fun begins at 12 noon with skits from the PM&L Theatre's "My Fair Lady."

State Bank plans tennis tournament for youngsters

The dates are Friday, Saturday and Sunday, July 22, 23 and 24, for the first annual State Bank of Antioch youth tennis tournament.

Pres Reckers, vice-president of the bank, said the deadline for entries is Saturday, July 16.

Entry blanks can be obtained from the bank. Completed blanks must be submitted in person to Mr. Reckers prior to the July 16 deadline.

Youngsters and teens between the ages of 8 and 17 from Antioch township and immediate surrounding area are invited to compete in this singles-only tournament. Boys and girls will compete in separate divisions, in age groups 8 through 10, 11 through 13, 14 and 15, 16 and 17.

Reckers will be assisted in the coordination of the three-day tournament by Mrs. Sue Koppa, parks and recreation director for the village of Antioch, and Ron Halpern, tennis instructor in the summer recreation program for the village.

A total of 32 trophies will be presented in the boys and girls divisions, for first, second, third and fourth place in each age group.

The State Bank will give T-shirts and tennis towels to all participants.

Matches will be played at the Antioch High School and "Doc" Jensen park courts. The finals will be on Sunday, July 24, at Jensen park.

Happenings

ANGELA MARAS, director of public relations for Hawthorn Center, located in the village of Vernon Hills, held a Quilt Exhibit in 1976.

It was so successful that she held another Quilt Exhibit at Hawthorn again in February of this year.

Because so many area quilters expressed interest, she felt these women would enjoy participating in a project that involved working with one another and sharing their creativity. So, she enlisted 26 area women to work on the quilt blocks. Among them were Ann Connors and Martha Fallon of Antioch. They created the 30-square Hawthorn Quilt currently on display at Hawthorn Center through July 10.

THE DUNK TANK, a popular spot in the last year at functions in the Antioch area, will be one of the features next Sunday when the Chamber of Commerce presents its 5th annual Arts, Crafts and Antiques Fair. This picture was taken when village foreman Scotty Lowe emerged from a dunking during an event held by the Jaycees. The schedule of this year's Chamber of Commerce festival appears on the back page. Some of Antioch's favorite citizens are being scheduled for appearances in the dunk tank.

Trustees will meet on Monday

The next meeting of the Antioch village board will be held next Monday, July 11,

since the July 4 meeting was postponed.

The board of trustees will

meet at 8 p.m., following committee meetings at 6 and 7 o'clock.

THREE STUDENTS from Antioch and one from Lake Villa have graduated from the University of Illinois at Urbana. Commencement exercises already have been held but diplomas won't be mailed until August.

The Antioch graduates are Peter Jewczyk, who earned a bachelor of science degree in education; Michael J. Koob, a master of science degree from the university's graduate school, and Mark C. Maras, a bachelor of science in engineering.

James H. Christensen of 518 Gratton Rd., Lake Villa, also earned a bachelor of science degree in engineering.

Jim and Karen Gwinn of Antioch will join the Moody Bible Institute chorale on a tour of Europe this summer.

The chorale is composed of 40 students from the institute in Chicago.

Mr. Gwinn is director of public relations and school promotion at the institute. He has prepared the tour, which will visit Holland, Belgium, France, Britain, Austria and West Germany.

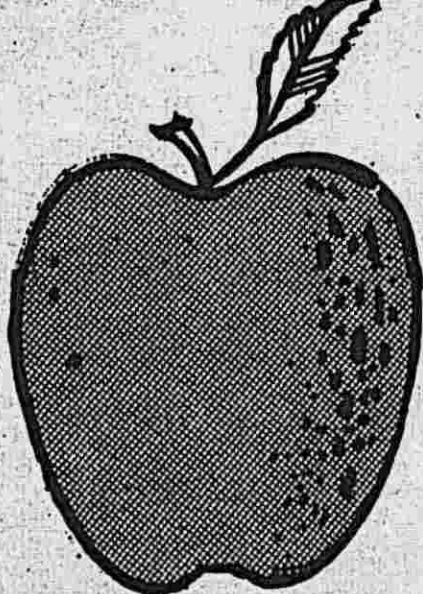

Moody Bible Institute is a three-year college level school for Christian vocations.

GARY MARTIN, son of Marian and Severin Martin of Drexel Blvd., Antioch, and Chicago, will receive his Doctor of Medicine (M.D.) degree from the University of Illinois Medical School, Chicago, next May.

His fiancée, Helen Marie Gartner of Chicago, will receive her degree from the same medical school in May of 1980.

Gary, who attended Grass Lake school, now is in a clerkship in medicine at Rush-Presbyterian-St. Luke's hospital, Chicago.

Family moving up
also has
its 'downs'

By JERRY PFARR

The average American family moves once every five years. But some simply refuse to relocate, so others must move almost continuously to maintain the national average.

We have just heard from a family that is planning to move to Antioch soon—soon as they can get up the strength. This will be their fourth move in the last five years.

"I'M SURE TIRED of packing and unpacking," the wife said, "and I don't think my nicked and gouged furniture will take another move. But we're doing our best to keep up the national average. We have friends who are real sticks in the mud—haven't moved in 10 years."

"Reason I keep moving," said the husband, "I keep advancing in my field. You have to relocate if you want to get ahead."

"But every time we 'move up,'" said the wife, "our cost of living jumps, too. I'm not so sure we're getting ahead—but we get a lot of Christmas cards from all over."

THE FAMILY IS ANXIOUS to see what kind of moving service it will get this time.

The yellow pages and moving company brochures would lead you to believe that on moving day Rock Hudson and Robert Redford will appear at your door with gleaming smiles and neatly pressed uniforms.

"Howdy, ma'am, we've come to move ya."

"Yes, ma'am we're your courteous, dependable movers. We're also skilled packers and we use specially designed packing materials to protect your belongings."

"My, what exquisite furniture you have! We'll wrap and pad it with loving care and place it in our sanitized van, where it will

Letters

To the Editor:

Let's see ... RTA board member Dan Balino was one of the suburbanites who voted for Pikarsky for RTA board chairman. Then he was Pikarsky's loudest opponent.

Now he is going to be the suburbanite who votes for the 5 percent tax, promising to lead the fight to abolish RTA two years from now if things don't work out right.

Does anybody see a pattern?

To the Editor,
Antioch News:

Will the real practical joker please stand up?

You must be some weird kind of person. Why? Because getting a 79-year-old widow out of bed at one-thirty and three o'clock in the morning by ringing the phone and then hanging up and not answering must be a real gasser to you.

How did you get my phone number? It isn't in the telephone book. I suppose you must know me. Please, don't do it again, as the last time I almost had a heart attack!

Name withheld by request.

Dear Mr. Reckers,

Charles Murphy of my staff has just shown me the news coverage of your Bicycle Safety Rodeo in Antioch. I am honestly impressed at the thorough planning and total cooperation of the community leaders; Mayor Haley, Chief Maplethorpe, Chief Wells, Mrs. Sue Koppa, Director of Parks and Mr. Jerry Pfarr and Robert Barnes of the Antioch News.

It's encouraging to know that my office has the support and cooperation of people like you in our efforts to make Illinois No. 1 in Bicycle Safety.

I have asked Mr. Murphy and George O'Connell, Director of the Bicycle Safety Program, to visit you at your convenience with a token of my thanks. I am also sending a personal letter to your trophy winners.

"If I could live my life over I'd make the same mistakes, but I'd start sooner."

BY LOSING for the first time last Saturday, Seattle Slew ruined a great joke that was beginning to make the rounds.

"If Paul Revere had ridden Seattle Slew," said a horse racing enthusiast, "we'd all be British right now. They would have been going so fast everyone would have thrown open his window and asked: 'The British are what?'"

THE ARRIVAL OF that impressive McDonald's on Orchard St. didn't hurt other local restaurants, at least on the Fourth of July weekend.

We went out for brunch and found every seat filled, plus dozens standing around waiting for booths, at two of the established downtown restaurants.

We noticed McDonald's was very busy, too, and quite an operation.

AS A YOUNGSTER I worked in my father's gas station and, in those days, part of the service was checking the tires and oil, and washing the windows on every car that came in for gas.

That's why a press release from Washington, D.C., struck a nerve. Let me quote some of it:

"Once I could depend on the corner service station to check my wife's car," a businessman complained to a friend. "Now, she saves money at a self-service station and is probably driving a time bomb with bad tires and no oil."

The Tire Industry Safety Council advises motorists to seek out those stations with air pressure towers in order to keep their tires properly inflated.

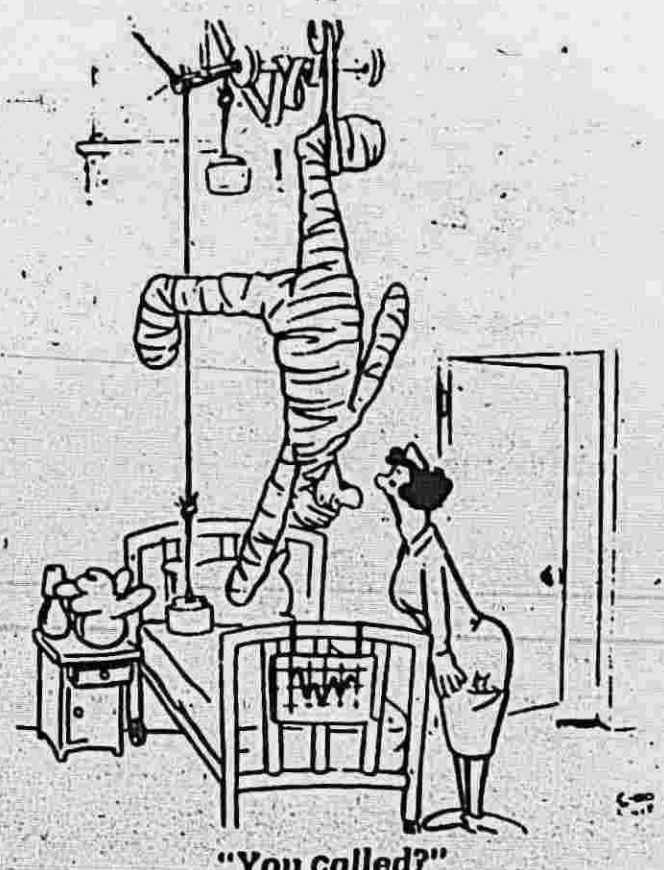

Experts say properly inflated tires can add five percent to gasoline mileage, or an extra mile per gallon, because they roll easier."

Studies have found that underinflation by 4 to 12 pounds can reduce tread life by 10 to 40 percent and that more than one out of four cars has at least one seriously underinflated tire.

We also encourage people to use an accurate hand tire gauge because service station air pumps are very rarely accurate. The reason for making every third fillup at a full-service station is so a motorist may have his tires, oil, battery, window washer wells, wiper blades and lights checked in order to prevent damage to the car and insure longer car life and carefree driving.

American motorists could save at least 800 million gallons of gasoline a year if they would only inflate their tires properly.

Fred Johnson attends Century 21 seminar

Fred Johnson, of Century 21, Michael Warren & Co. in Antioch, was among 125 affiliated Century 21 brokers and salespeople who attended a Century 21 investment sales seminar at the O'Hare Inn in Chicago.

The seminar covered facets of listing and marketing investment real estate. The course was designed to help the salesperson become knowledgeable about servicing investment real estate clients with special emphasis on listing, appraising, financing and selling investment properties.

Additionally, the seminar offered affiliated Century 21 brokers the opportunity to establish an ongoing investment training program for salespeople in their office.

The last half-day of the seminar concentrated on solving problems unique to an investment office, which will help the brokers better serve the investment buying and selling public.

Antioch was out of the path of the tag end of Hurricane Audrey which reached the southern edge of Chicago and brought rain from 3 inches up to 9 inches in various parts of Illinois. As a result, the total rainfall in Antioch for June was only 2.38 inches, an average to light amount, according to Cooperative observer Roy Kufalk.

10 YEARS AGO: JULY 6, 1967

Pay hikes are considered at Antioch High School

Salaries of administrators at Antioch High School are scheduled to be discussed at a special board meeting Thursday, July 14.

The school's teachers are presently involved in salary discussions with the board.

Non-certified personnel at the high school have been granted pay raises averaging 8 percent.

The increase calls for hikes in individual pay for the 1977-78 school year from 25 cents to 60 cents an hour. Non-certified employees include custodians, secretaries, cafeteria workers, bus drivers, matrons, lay supervisors and the school nurse.

PAY INCREASES are effective now. The raises will up the payroll \$30,606 to \$411,060.

Business Manager Kenneth C. Wierschem said the increase is not necessarily to keep up with the cost of living, but is "just an annual salary increase."

Also on the agenda for the July 14 meeting is life safety work. Architects have been hired to examine the school to determine what improvements are needed to bring the building up to state codes.

TWO NEW TEACHERS have been hired for the coming

year. John Whitehurst will teach sophomore and senior English while Elizabeth Overocker will teach biology and chemistry.

The board has also clarified the age of those eligible for senior citizens passes to school-sponsored activities. Seniors must be 62 years or older.

UNFOUNDED Fears

Some parents have the unfounded fear that if they do not worry about their children something will happen to them. Psychiatrists point out that this may unwittingly arouse guilt feelings in children.

Some children have the unfounded fear that they are the cause when parents fight. It makes them feel anxious and guilty.

Some people are still afraid to fly in airplanes even though airline safety records show there is no basis for such fears. Mile for mile, airplanes are safer than highways.

Lilli Petty honored by Antioch library

A dinner party was held at the Colony House to honor Lilli Petty for her 34 years of service as a member of the Antioch Township Library Board.

Dr. James Kopriva presented her with a plaque.

Those in attendance, along with Dr. and Mrs. Petty, were the current board members and their partners, and the long-time staff members, 21 in all.

"We can all say 'thank you' to a very sweet and gracious lady who was a sincere dedicated member all her 34 years on the board," said Betty Lu Williams, Librarian.

Retired persons pick officers

The Antioch Area Chapter 387, of the American Association of Retired Persons (AARP), installed newly-elected officers at the Holiday Inn at Gurnee.

Mr. Onnie Bridges, regional director, installed the officers:

President Esther Aiani, vice-president Dolly Spiering, 2nd vice-president Clarence Spiering, secretary Violet Feldmann and treasurer Helen Halka.

Father Francis L. Johnson, pastor of St. Peter's Catholic Church, gave the invocation, and dinner was served to the 158 who were present.

THREE SISTERS, Elvera Hinkle from Addison, Esther Behnke from Northbrook and Arleen Lewis from Antioch all daughters of re-elected president Esther Aiani, were in attendance to witness the honor bestowed upon their mother for the second term.

Emily Novotny, on the piano, accompanied by Virginia Neckers on the drums, provided music for singing and dancing with special attention to old-time tunes.

VICTORIA ANETSBERGER who, with her husband, Joe, had celebrated their golden wedding anniversary the previous Saturday, was awarded a special certificate of appreciation and a corsage for her service to chapter members from the time the group was organized in March of 1965.

No meetings are scheduled in July and August. The next meeting will be Tuesday, Sept. 13, at Father Frawley Hall, 12:30 p.m.

Driving tips to aid vacationers

A few driving tips can mean the difference between a great vacation and a nightmare.

- Have the car checked, tires inspected, etc., before you leave home to avoid an emergency while on the highway.

- Plan ahead. By phoning in advance for reservations, you don't have to worry where you will stay. And you'll know how much it will cost before you leave home.

- Drive safely, and obey the 55 m.p.h. speed limit. There's a lot more to see in America at slower speeds, and you're saving energy — and money as well.

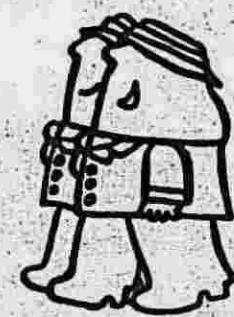

- Avoid rush hour driving. Plan in advance to avoid getting stuck in somebody else's rush hour traffic.

- Use mass transit when possible. Often it's easier to see the sights at the destination by taking public transit, or sightseeing tours, and leaving the car in the garage.

- Don't drive all day. It's a vacation, so plan ahead to avoid long stints behind the wheel.

Bible school at Free Church

"Sing It Out, Jesus Loves You!" is the 1977 vacation Bible school theme for the Antioch Evangelical Free Church.

"Summer is the time for fun, so we've planned lots of exciting activities," said Pastor Bernard C. Fosmark. "The purpose of these activities is to discover ways the Lord shows His love and to praise Him for that love."

THE BIBLE SCHOOL begins Monday, July 18, and continues through Saturday, July 23.

Classes are held at Tiffany Rd. and

Highview Dr., from 9 a.m. until 11:30 a.m. Pastor Fosmark said people leading the school will be:

Charlen D. Crippen, director; Karolyn Marsh, Karen Sylvester, Amy Bilhorn, Val Mitchel, Chris Spronk, Caryl Anderson, Joan Nelson and teaching crafts, Anita Brant and Shirley Johnson.

"In addition to Bible stories, crafts and Bible learning activities, recreation and refreshments are part of each day's schedule," Pastor Fosmark said. "For further information, call 395-4117."

Gas costs 5c more than a year ago

Gasoline prices have risen significantly in the last week.

The Chicago Motor Club's latest report showed prices moving up in the Chicago area.

Regular gas increased six-tenths of a cent to an average price of 66.2 cents per gallon. Unleaded was up slightly to 69.9 cents, while the price of premium hit a new record high of 73.1. (It was 72.5 in the last survey).

Average prices a year ago were: regular 61.7 and premium 67.2.

FFF Center plans events

Since Antioch's "fun, food and fellowship center" was closed on the Fourth of July, the class studying, "Cutting Through the Red Tape," will meet today (Wednesday), followed by movies for senior citizens.

The regular meeting of the "Forum" will be Friday at 10:30 a.m.

The women are busy on decorations for the anniversary party. The menu and entertainment point to an outstanding party on Aug. 3," said Betty Kuff, a spokesman for the group.

In the language of flowers, the red chrysanthemum means, "I love."

Along the way with ANNIE MAE

To me, and a lot of us here at the Antioch News, there is something inspiring about a certain line on the front page. It says: "92nd Year, No. 1."

This, then, is the first edition of Volume 92 of the newspaper that has served Antioch since 1886.

At a recent meeting of our dedicated staff we tried to guess what changes will take place in Antioch between now and our issue that will read "100th Year, No. 1. Guess we'll have to wait and see. That'll be 1985, folks.

BY THE WAY, it isn't true that I have been part of the newspaper for all of its first 91 years. Maybe half that time, but certainly not all of it.

I'm still pretty spry, as I proved again at the recent Firemen's Dance. They are thinking of changing the name "Broadway Street" to "Annie Mae Street." Not a bad idea, either. What the heck is Broadway, compared to an exciting person like me?

SPEAKING OF EXCITEMENT, Lake Villa's fireworks on the Fourth of July were a super show. The community deserves a lot of credit for staging such a crowd-pleasing event. And it attracted many Antioch residents to Lehmann Park on Cedar Lake.

DOES ANYONE KNOW exactly how hot it got here on Monday, the Fourth? We hear the temperature on the sign at the Saving & Loan lingered between 95 and 97, but others told us their thermometers hit 100. And it was so "still" and humid you could have fried an Egg McMuffin on Antioch's sidewalks.

On Monday afternoon the downtown area was practically deserted. After packing Antioch's restaurants for breakfast or brunch, most folks must have retreated to cooler spots.

WE CERTAINLY HAVE some important birthday people on our list this week. That neat little guy, Lee Pearce, is 6 years old today, July 6.

A lovely young lady, Mary Pfarr, will be 19 on Friday, July 8, and we think that's also the birthday of Julie Gutowski, the sweetheart of Channel Lake.

Two of our special friends, Donna Gutowski and Lorin Person, are wished very special Happy Birthdays next Monday, July 11.

'My Fair Lady' opens July 29

PM&L Theatre is preparing a musical spectacular this summer.

"My Fair Lady," by Lerner and Loewe, based on Pygmalion by George Bernard Shaw, is one of America's best loved musicals and will run for six nights, July 29 and 30, Aug 5, 6, 12 and 13 at the theatre, 877 Main St., Antioch. Curtain time is 8:30 p.m. for all performances.

"A large and talented cast has been chosen," said director Tom Hausman.

Mary Chris LaKome, from Lake Zurich, stars as Eliza Doolittle; Bill Misik, from Vernon Hills, plays Professor Higgins; and Ken Smouse of Antioch is Colonel Pickering.

Don Beveroth of Paddock Lake plays Alfred P. Doolittle, Jeanne McIntyre of Antioch is Mrs. Pearce, Larry Bunton, Wauconda, is Freddy Eynsford-Hill, and Lillian Allen of Antioch is Mrs. Higgins.

OTHER CAST MEMBERS are Rosemary Walsh, Ricky Apostol, Dorie Hubbard, George Blanksten, Alice and Carl Scheske, Bill Seemann, Lori Rush, Tricia Schaefer, Barbara and Earl Beese, Irene Hahn, Kathy Boarini and director Hausman. They are from Antioch.

Completing the cast are: Rick Schram and Alan Leinonen from Waukegan, Lou Jones from Round Lake Beach, Dan Denel from Gurnee, Peter Thelen from Spring Grove, Debbie Beno and Mike Peterson from Wildwood, Todd Seisser from Lake Villa, Dave Krostal and Dino Bradia from Lindenhurst, Sue Hester from Camp Lake, and Dave Powers from Salem.

MUSIC DIRECTOR is Betty Beveroth from Paddock Lake. Stage manager is ElMarie Beno from Wildwood, and pianist is Ingrid Lindberg, Antioch.

It isn't too early to make your ticket reservations by calling 395-3055. Tickets are \$3.50 for adults and \$1.50 for students.

MARY CHRIS LaKOME, star of several PM&L Theatre productions in recent years, will play the role of Eliza Doolittle when the famous musical, "My Fair Lady," opens in Antioch July 29. Miss LaKome also has a bit part in Robert Altman's movie, "A Wedding," being filmed in Lake Bluff this summer. She is the singer in a band which includes Dean Vendl of Antioch, a College of Lake County student, as guitarist.

Still Some Good Buys

Consumers consider life insurance a good value, ranking it sixth among 45 goods and services listed in a study conducted by the Conference Board.

Items ranked above life insurance in terms of value received for money spent are poultry, black and white TV, eggs, color TV and small appliances.

Ranking immediately below life insurance come major appliances, carpets, fresh vegetables, fish, beef, foreign air fares and telephones.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Finish up old business, pending matters before engaging in new interests. Your attention to detail work aids in laying the groundwork for future business plans.

TAURUS [April 20-May 20] - Personal magnetism is heightened, popularity increased. A more energetic trend indicates new opportunities; study offers carefully before making lasting commitment.

GEMINI [May 21-June 21] - Added self-confidence allows you to succeed in personal endeavors. Expand horizons, seek new interests that can lead into a more stable career.

CANCER [June 22-July 21] - Don't allow temporary restrictions to interfere with long-range goals. Planetary influences indicate a slower pace so use extra time constructively to get organized.

LEO [July 22-August 21] - A good week to broaden social horizons. Make an extra effort to meet new acquaintances. Get involved in community affairs that offer rewarding outlet.

VIRGO [August 22-September 22] - Career plans may require additional attention; take a close look at employment situation, then concentrate on ways to make improvements.

LIBRA [September 23-October 22] - A tendency to procrastinate can hamper routine affairs. Keep vocational interests separate from business matters. Arrange schedule so there's ample time for both pursuits.

SCORPIO [October 23-November 21] - You may meet with opposition from mate or partner with personal interests. Don't deliberately antagonize but remain firm on issues that affect present situation.

SAGITTARIUS [November 22-December 20] - A slower pace provides time to solve existing problem, handle responsibilities. Be congenial so others don't mistake a more serious attitude for moodiness.

CAPRICORN [December 21-January 20] - Try to bridge any previous communications problem. Harmonious planetary influences indicate good outcome with associations involving younger people.

AQUARIUS [January 21-February 19] - An excellent week to strengthen financial ties, consummate business deals. Check out investment opportunities before making firm commitment.

PISCES [February 20-March 20] - Conflicting interests with family members could cause temporary upsets. Try to solve problems rationally. Improve relations by doing some entertaining in the home.

What to look for when you're looking for an air conditioner.

Before you choose an air conditioner, ask the dealer for its energy efficiency ratio. This number tells you the efficiency of a unit. An air conditioner with an EER number of 8 or above will be thrifty for you electrically.

The EER number is computed by dividing the BTUs by the watts. A 12,000-BTU unit that uses 1500 watts will rate an 8. If the EER doesn't appear on the tag or metal nameplate, use this simple formula yourself. It's a worthwhile exercise that can pay off in electric dollar savings over the long run.

Don't buy too much capacity. Surprisingly, an air conditioner that's too big usually won't keep you as comfortable as a smaller unit.

So measure the space to be cooled before you go to the dealer. Also note any doors that might let cool air escape, or windows that might let direct sunlight in. The dealer will have charts to translate your notes into the right air conditioner selection.

Some tips on cutting cooling costs. Keep the warm air out and the cool air in with proper insulation and weather stripping where you need it. Block out the sun by drawing drapes. And locate the air conditioner on the shady side of your house, making sure to seal any leaks in the window after you put it in.

And remember to keep the filter clean. Check your owner's manual to see if you should vacuum it or wash it. In either case, a good periodic cleaning will make your air conditioner more efficient, and save you money.

Another good way to save on your cooling costs is to get an automatic timer made especially for air conditioners. If you're going to be away from home for the day, you can set the timer to turn on the air conditioner an hour or so before you return in the evening. Your home will be more comfortable; your air conditioner will get most of the day off; and you'll save money on your electric bill.

It makes a lot of sense to buy an air conditioner that starts efficient and stays efficient. Saving energy always makes sense. And when summer's over, you'll find the extra care was worth it—in dollars and cents.

LOOK FOR AN EER OF 8 OR ABOVE.

Farmers' Market opens here July 20

The Antioch Chamber of Commerce and Industry will sponsor a Farmer's Market every Wednesday, beginning July 20 until Oct. 26, from 9 a.m. till 2 p.m.

The market will be in the State Bank parking lot, Lake and Spafford streets.

The market will provide a place where small farmers and gardeners can sell fresh produce directly to customers and also a place where fresh fruits and vegetables can be bought in quantities suited to the needs of consumers.

Market permits will be issued to area farmers and growers for the sale of locally-grown garden produce, honey, maple sugar, eggs and cut or potted flowers.

A fee of \$70 for the 15-week season or \$5 a week will be charged for each 10-foot-wide space.

ride safely and securely to your new destination."

THE FAMILY'S FIRST TWO moves were quite satisfactory, so they called the same national company for their third move.

But Hudson and Redford didn't show. The fellows who did looked as if they rode with Hell's Angels on their day off.

"Don't worry, lady, we's careful ... don't need no padding ... oops!"

The wife cried only twice during the whole day - once little tears when she saw a big chunk being gouged out of the captain's chair and then real loud sobs when the front of her pre-Civil-war desk was ripped out.

Oh, yes - she cried a third time - when the family finally closed the door on this particular home for the last time.

RALPH, THE FAMILY DOG, slept through it all. The veterinarian had prescribed tranquilizers for Ralph, and they worked just fine.

The parents were worried about the children, leaving their neighborhood pals and adjusting to new friends in the new location. The parents knew this would take some time, and it did - exactly 30 minutes.

The parents had a harder time adjusting. But they finally discovered an excellent way to become accepted in a new neighborhood.

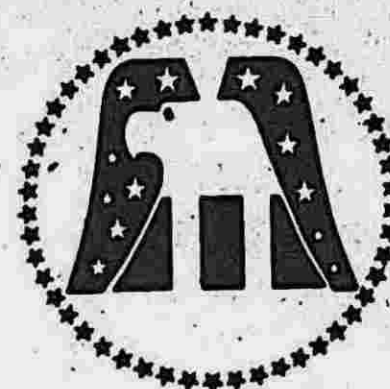

They bought a load of black dirt and had it dumped in their driveway. Neighbors simply cannot resist a pile of black dirt - within the afternoon five of them wandered over with shovels and wheelbarrows, wondering if they could borrow a little dirt.

NOW, ANOTHER MOVING day is approaching. Naturally, the family is apprehensive.

Maybe this time James Garner and

Robert Goulet will show up in neatly pressed uniforms.

Would you believe the Three Stooges?

Viking football registration in Antioch Friday, Saturday

The Antioch Viking junior tackle football program will conduct its first registration for the coming season.

All interested boys who will be in the 5th, 6th, 7th and 8th grades, and will not have reached age 15 as of Sept. 1, can sign-up at the Antioch Scout House on Friday between 6 p.m. and 9 p.m.; or Saturday between 9 a.m. and 12 noon.

ALL BOYS WILL BE assigned to teams according to their size, age and ability.

This year the Vikings will field five teams. A "heavyweight" team will be comprised of boys

predominately in the 7th and 8th grades who weigh in excess of 110 lbs.

A "lightweight" team will be made up of boys in the 7th and 8th grades under 110 lbs., and three "feather weight" instructional teams will be composed of boys in the 5th and 6th grades.

A REGISTRATION FEE of \$18 per boy (\$15 for each additional boy in the same family) covers insurance costs, use of equipment, league fees, officials' costs and a practice jersey, which the boy gets to keep at the end of the season. "Participation in the Viking program gives boys an opportunity to play a contact sport which they may not wish to play or be able to play in high school," a spokesman for the league said.

He added: "If they do decide to continue playing high school football, the experience gained and skills which are developed will certainly help them. In either case, the boys acquire a greater appreciation of the game and have a better understanding of the finer points of the game, even as a spectator.

"The Viking principles are directed toward teaching good sportsmanship, teamwork, spirit, and a working knowledge of the fundamentals of football, while keeping in mind the larger purpose of the boys, just having fun."

THE VIKINGS PLAN their first practice on Aug. 15 at the high school football practice field.

A great moment in sports occurred in 1960 when Dennis Ralston and Rafael Osuna won the Wimbledon men's double title. Ralston, only 17

at the time, became the youngest person ever to do so.

Antioch swimmers set for conference relays

The Lake Forest Country Club pool will be the scene of the 1977 North Suburban Swimming Conference Relays, in which all six conference teams, including Antioch, will take part.

The meet is scheduled Saturday and the action will begin at 9 a.m.

The Antioch swimmers "just weren't up" for their meet against last year's conference championship team. The depth and experience of the Plum Grove swimmers added up to a defeat for Antioch, 278 to 171.

THE ANTIOCH SWIM TEAM, sponsored by the State Bank, took 20 firsts, 16 seconds and 22 thirds out of 51 events.

Top scorers for Antioch were Shelly Volling with four first places, Phil Jaworek, George and Theodore Bessette with three firsts apiece, and Laura Clewis, Trina Spietz, Sue Harrison and Jack Fields with two firsts each.

Single victories were won by Jeanie Cilik, John Clewis, Julie Wierschem, Sheryl Harrison and Carol Berry.

SPECIAL RECOGNITION given by Coach Marty Berry went to Beth Haley, Lisa Gwin, Heidi Celerec, Teresa Teeple and Melissa Garland for their hard work and improvement since the start of the season. Though not winners yet, Coach Berry said she believes the public will begin to see these names regularly in future years.

4th of July exciting at Waukegan Speedway

Monday night at Waukegan Speedway was full of excitement as the Fourth of July spectacular closed out a weekend of speed.

The late model sportsman cars headlined the show and it was Chuck Clark picking up his second 25-lap feature win.

Dave Murphy and Fran Baumgartner collided, sending both cars into the wall. Both were forced out of the race, leaving the door wide open for Clark as he took the lead on the restart.

The Mini-Indy cars were on hand and their close racing, four and five cars abreast at times, provided some exciting action. Ron Keech was the only double-winner as he won a heat and the trophy dash.

The roll-over ramp was also installed and four contestants tested their courage. The defending champ, Emil Ladewig, won the event.

Next Saturday will feature, as an added attraction, a "Wet T-Shirt" contest, paying \$100 to win, \$50 for 2nd and \$25 for 3rd.

RAY YOUNG, DEFENDING late model super stock champion, lived up to his reputation as he won both ends of the Lincoln Mercury All-Star twin 30-lap features on Sunday night at the Waukegan Speedway.

For Young's night's work, he took home \$960 of the 2nd largest purse in the Speedway's history.

A great moment in sports occurred in 1865 when the Philadelphia Athletics baseball team won two games in one day: the first one 101-8 and the second 160-11.

A great moment in sports occurred on Jan. 14, 1975 when Anita Wold of Norway took the women's ski jump distance record with a jump of 321 feet 5 inches.

Personal to Triple A. Bullshooters

We read your acceptance of our friendly trap shooting challenge in this newspaper last week. Our first impressions were to entirely ignore your childish remarks. We consider them to be the mumbings of braggarts and uneducated, undisciplined, simulated sportsmen:

You have insulted our integrity and pride, however, and we feel that the fair and just way to shoot against you five ringers would be to shoot the match at handicap yardage - ours against yours. This would only seem fair since you are all Class A shooters and we shoot for fun and enjoyment plus good fellowship.

Now, handicap yardage should not be difficult for you, Art and

Pat Watson, since you both use 60" barrels on your guns just to get them out past your enlarged tummies.

We will await your reply in this newspaper next week.

BLAIR SUBRY of Antioch tied for 11th last week in the Northern Amateur golf tournament at Midlane Country Club in Wadsworth.

The 54-hole event was won by Gary Pinns of Lombard, who was three under par with a total of 213 despite strong winds that sent scores soaring.

Subry was in contention until the final round as he shot 18-hole scores of 71, 74 and 78 over one of the toughest courses in the Chicago area.

Subry's opening round, 71 included a 32 on Midlane's back nine.

Fishermen, take note!

Nightcrawlers and worms are the best baits for catching carp, bullheads and channel catfish in this area, according to the state conservation department.

On the Fox River, from McHenry to Antioch, bass are biting on jigs and minnows, the department said.

Bass action reportedly is improving daily on Illinois Beach ponds in Zion. Also, spinners and plastic worms are luring nice catches from the stump areas.

Manzardo, Homan are starring at Speedway

Carmen Manzardo, Lindenhurst, the only driver to score a sweep of events in super-modified stock car racing at the Kenosha County Speedway in Wilmet in 1976, came close last Saturday night.

He set fast time and then won the 25-lap feature.

His only loss came at the hands of Gary Dye, West Allis, in a heat race.

CHUCK OSTERGAARD, BRISTOL; Ron Bergsma, Richmond, and Joe Kristan, Waukegan, had each been leaders in close racing.

The win was the second feature of the season for Manzardo and earned him the John Teresi Pace Car Trophy, presented by John Teresi of Antioch who operates the Chevrolet and Oldsmobile agency that furnishes the Wilmet pace cars. Teresi also "sweetened" by \$100 the feature race payouts.

The track's point leaders are still Manzardo and Tom Homan of Antioch.

Grade school superintendent and board members at odds

Continued from page 1

the board, said she was flabbergasted and dumbfounded that Meyer went to Thompson's office instead of coming to the board first with his charges.

"Heath said Meyer has accused the board among other things, of having unauthorized meetings.

"In October, the state visitation team evaluated the school and recommended full accreditation be given, according to Heath. However, Thompson said the school's accreditation is contingent upon many requirements.

"And one of those requirements is that both the superintendent and the board members do the jobs assigned to them. Any party not doing the proper job could be viewed as not meeting an accreditation requirement.

"Thompson said the school board could then be placed on probation and given one year to straighten matters out.

Another newspaper said:

"Differences in educational philosophies between Meyer and the school board are not new. The signal that the two sides were not in agreement came last year when the school board voted 4-3 to retain Meyer as superintendent.

"The school board election in April was one of the more lively in Antioch history with candidates openly campaigning for and against Meyer.

"Following the school board election, the members of the board lined up usually on a 6-1 basis against Meyer.

"School board meetings since the election have generally been long sessions with sometimes heated discussion between Meyer and board members."

Today's Brightener

Little Arthur, who hadn't spoken a word in all his six years of life, finally cried one morning at breakfast: "Mum, the toast's burnt!"

His amazed and delighted mother hugged him joyfully and asked: "Arthur, why haven't you spoken before?"

"Well," he replied, "everything's been all right up to now."

Overheating of engine

In these days of rising costs of buying and maintaining a car, two necessary items remain virtually free: The air and water for tires and cooling system respectively are still available at no cost.

While recognizing this fact, maintenance experts remind motorists that, even in year-round warm weather areas, water alone will not adequately cool your engine. Extra heat generated by more powerful engines, automatic transmissions and air conditioning requires a

coolant with a higher boiling point than water.

A 50 per cent mixture of coolant anti-freeze and water is recommended for cooling systems in most areas.

If you are stuck in heavy traffic and your cooling system shows signs of overheating, shut off the air conditioner.

Also, when you come to a stop, shift into neutral and "race" the engine to increase circulation of coolant and the air flow from the fan.

The Curse Of Scotland

You've probably heard of the mummy's curse, voodoo curses and colorful curses on various noble families in all those wonderfully chilling British classics we read as children.

But what is the Curse of Scotland?

The authentic Curse of Scotland is the playing card, the Nine of Diamonds, says Teacher's Scotch Information Centre. This is the story:

When the British government decided to make an example of the Clan MacDonald after the Rising of 1745, the officer who had to issue the order for the extermination of the MacDonalds of Glencoe was playing cards. He picked out a card and wrote the instructions on it.

The card, the Nine of Diamonds, was delivered to an officer in Scotland. With his company of Campbells he marched to Glencoe, made friends with the MacDonalds, then at 5 o'clock in the morning sent his troops to wipe them out.

To this day there is still strong feeling between the MacDonalds and the Campbells, and that is why the Nine of Diamonds is known as the Curse of Scotland.

Note: Road Congestion and delays at O'Hare Airport.

We received another notice that the major repair project on the Upper level roadway in front of the ORD Terminal will block off about 60 percent of the access in that area.

It started May 1 and was expected to take about 60 days and not be too bad.

However, now they say 90 days and you are to anticipate 30-minute delays or longer getting to and from the terminal.

It is for this reason I want to advise you to make this allowance for additional time when traveling to or from O'Hare airport.

May I also make a suggestion? We are just mid-way between Milwaukee, Mitchell Field and Chicago, O'Hare Field, so if possible why not try Milwaukee?

Maybe you or your friends can go in and out there and experience no problem whatsoever.

They don't have as many flights as O'Hare, but it sure is a lot easier getting in and out.

Just a word of thought anyway!

The word *pattern* comes from the Latin *pater* meaning father. Just as a father ought to be a good example for his family, a pattern is a model for whatever is being done.

A teacher asked her Sunday school class to tell the story of Creation. Commented one little girl: "First God created Adam. Then He looked at him and said, 'I think I could do better if I tried it again.' So He created Eve."

GOOD PSYCHOLOGY

It's always good psychology to ask yourself: "How can this be done better?" That way you'll not only be improving whatever you're working on, but you'll be improving yourself as well. And it's never too late to begin. At the age of 92, Justice Oliver Wendell Holmes read Plato to improve his mind.
